

## White List Our Servers

Please have your IT department white list the following IP addresses that apply to your program to ensure that your members may access our sites and receive our email.

Our Email Service Provider(s) maintain strict standards to prevent email abuse. In order to deliver email messages to your members, please make sure that your email server does not block any of the following IP addresses.

| Provider            | Domain Name                | Purpose | IP Address / IP Range |
